## HUNT MANIAC FOR CHILDREN'S DEATH

Buffalo Police Believe "Post Card Murderer" Is Well to Do Man with Blood Lust

### EXPECT HE WILL CONFESS

Latest of His Cards Say He Will Give Himself Up to Authorities Next Wednesday

BUFFALO, N. Y., Nov. 18.—It was stated on good police authority this afternoon that the slayer of little Joseph Josephs is known to the police of Buffalo, Lackawanna and Boston. It is no vague identification. The man's name, address, business connections and social standing—everything, but his present whereabouts—is known to the officers of the law, officials here declared.

Chief of Police Ray R. Gilson of Lackawanna, says publicly that an arrest may be made before night. It is learned that the alleged murderer of the Josephs boy was employed up to a year ago by the Lackawanna Steel company; that he was well connected socially; that in his right mind he was a valuable employee; that there were times when he exhibited the characteristics of the pervers; that he frequently was absent from the steel city for weeks at a time; that when he finally was driven out of the Lackawanna steel plant, he went to Boston.

It is said that up to Sunday a week ago he was in Boston, but at the first hint of the discovery of the body of the boy he disappeared.

BUFFALO, N. Y., Nov. 18.—Every business house and the schools in the little steel town of Lackawanna, a suburb, was closed between 9 and 10:30 today. During that period the funeral services of little Joseph Josephs, child victim of the most mysterious maniac murderer Buffalo has ever had to deal with, were held in St. Charles church. Four schoolmates of the dead boy acted as pall-bearers, and the church was not big enough to accommodate all who would attend.

The grief stricken mother was not there. She had collapsed under the strain. Today the doctors in attendance fear she will die. Dr. William Ross, after visiting the stricken woman today, said that she was being kept quiet with bromides, but that he feared she would not survive the ordeal.

**Promises to Give Up**  
The police have very little hope of capturing the murderer, unless he should be caught red-handed in another crime, or unless he should keep his word and surrender. The time of remorse that runs through all of the postal cards received by the police leads to the hope that the man may yet surrender and confess.

"Like Banquo's ghost, my crimes will not be forgotten," wrote in one of the last communications received, and then said that he would give himself up on Wednesday. Police Chief Gibson of Lackawanna, who is in direct charge of the investigation, said today that there is one man, a wealthy Buffalo resident, who will be questioned in the case. He said he had not asked for a warrant because evidence available was very intangible, but that the prosecutor intended to force the individual to account for his movements during October, 1911, the time during which the Josephs boy was killed. There has been one other murder in Buffalo which paralleled this one, but in that case the victim was a girl, six years old, Marian Murphy, who was decoyed from her home on West Avenue and Hudson street nearly 11 years ago. She was taken to Delaware Park, attacked and then choked to death, as was the Josephs boy. The fiend was never caught, and the police today believe there may have been a connection between the two murders.

**Stirs Gotham Police**  
NEW YORK, Nov. 18.—Stirred by the written confession of the "postal card" murderer who cruelly destroyed little 7 year old Joseph Josephs at Lackawanna, a Buffalo suburb, that he also killed Michael Rieck, eleven, in Central Park, in December, 1902, the New York police today reopened investigation of the deaths of a number of children that have never been explained.

The police were in touch with the Buffalo authorities today prepared to follow any clues that might develop there which would be useful here. However, they do not think the missing murderer was a native of New York. They are inclined to believe the Buffalo theory that he is a Boston man, in extremely well to do circumstances, who has a mania for murder and goes far afield when he feels the desire coming on. They do not believe that he will surrender.

**Ransack Boston**  
BOSTON, Nov. 18.—Police inspectors Conway and Hart, with more than a score of the best men in the Boston department, were searching every nook and corner of the city today for clues in the hunt for the murderer of little Joseph Josephs in the steel town of Lackawanna. They

## MINISTERS THWART GIRLS IN FOOTBALL

CHICAGO, Nov. 18.—Eleven Chicago girls—some of them pretty—were today bewailing their failure to play football against a West Chicago team of men Sunday afternoon. Although three attempts were made to stage the game, the score when the girls boarded a Chicago-bound train was in favor of the West Chicago ministers.

The game was advertised widely, and every minister in West Chicago pledged that he would oppose the girls playing against a team of men. The ministers were forced to depend upon the owners of the three vacant lots where the game was attempted, and the land owners arose and chased the players and crowd off the lots.

Then the gateman ran away with the ticket money. The pretty brunette, captain of the "Vassar champions," who plays left guard, almost wept as she led her gridiron heroines into the train.

## ATTACKS ROSE TO SAVE THE GUNMEN

Attorney for Defense of Men Charged with Rosenthal Murder Hits at Confessors

### MOSS DWELLS ON RECORDS

Assisting District Attorney Tells Jury They Will Make No Mistake in Convicting

NEW YORK, Nov. 18.—Bitter assaults on the character of Jack Rose, confessor, and his three associates, Bridge Webber, Harry Vallon and Sam Schepps featured the summing up of former Judge Wahle, chief counsel for the four gunmen charged with having been the actual slayers of Gambler Herman Rosenthal, when the trial was resumed today. The entire day was to be devoted to argument of counsel. Each side was allotted three and one-half hours by Justice Goff and the latter planned to reserve his charge until tomorrow, although there was a bare possibility that he might decide after all to give it tonight to expedite matters.

Wahle, realizing that Assistant District Attorney Moss planned to dwell at great length on the admitted criminal character of the four men on trial to uphold his contention that there was no doubt of their guilt, assailed Rose, Vallon, Webber and Shapiro in bitter terms.

It was Rose that came in for the chief attention of the counsel for the defense. He called him name after name, and emphasized again and again that he was always a gambler, and admitted liar; that he had good reasons as anyone else to kill Rosenthal, and that it was only logical to believe that in planning the murder he would want to decoy a desperate gangster of the Jack Zelig type in order to be in a position to shift responsibility for the crime. The four gunmen insisted that they were confident of acquittal.

In summing up, Frank Moss, a wonderful talker before a jury, riddled the stories told by the men on the stand, and insisted that the jury would make no error in sending the men to join Becker in the Sing Sing death house.

## POURS OIL IN STOVE, MAY DIE

Ten Year Old Boy Injured in Explosion; Small Hopes for Recovery

Pouring oil into the stove to start the fire and not noticing that there was a smoldering flame there, Wilfred Smith, aged 10, 910 St. James street, was badly burned on his arms and legs Saturday morning by the resulting explosion and small hopes for his recovery are being entertained today. He is now at the Lutheran hospital where he is being cared for by Dr. H. E. Wolfe.

In order to start the fire in the stove at his home Saturday morning, Wilfred Smith poured some kerosene from a can into the stove. The fire had not quite died out but he did not notice this. The smoldering flame soon caused an explosion, the boy's arms and legs being badly burned. Dr. George W. Lueck was called and attended the boy's injuries.

It was stated this afternoon that there is slight chance for the boy's recovery.

### CLARK FUNERAL TOMORROW

The funeral of Mrs. Isaac S. Clark will be held Tuesday afternoon at 3 o'clock in the First Methodist church corner Eighth and King streets.

## FLYNN ELECTED COUNTY DOCTOR

Long Fight Over Position Ended by Board Today; Flynn Gets Twenty-one Votes

### EIGHT VOTES OVER ROSHOLT

Hatz Demands an Oral Vote and Election Follows; Three Ballots To-day

Dr. Robert E. Flynn was elected county physician for the ensuing year by the county board this morning upon the thirteenth ballot having a plurality of eight votes over Dr. Jens Rosholt, his nearest rival.

The three ballots cast this morning resulted as follows:

	1st	2nd	3rd
Dr. Robert E. Flynn	14	16	21
Dr. Jens Rosholt	11	13	13
Dr. Herman E. Wolf	6	3	2
Dr. H. E. Fraser	6	4	1

Tatols ..... 37 36 37  
The last of the ten ballots cast Friday afternoon gave Dr. Flynn 15, Dr. Wolf 12, Dr. Fraser 5 and Dr. Rosholt 5. The sudden gain of Dr. Rosholt on the first ballot this morning and the loss of six votes by Wolf plainly indicates a movement was on among the Wolf supporters to swing to Rosholt.

This had the effect of throwing the Fraser following into the Flynn column which resulted in the election of Dr. Flynn on the third ballot this morning.

Previous to the balloting this morning Supervisor John Hatz demanded that an oral vote be taken according to the rules of the board which provide for this manner of voting upon demand. The rule was suspended and the secret balloting continued upon a vote of 28 to 9. A two-thirds vote is necessary to suspend a rule of the board.

By the election of Dr. Flynn, the county has secured the services of a man who is recognized as one of the best physicians and surgeons in the county.

Dr. Flynn is a graduate of the medical school of the University of Minnesota and the Rush Medical college of Chicago and has had a wide experience both as a physician and surgeon in Chicago and other large city hospitals where he practiced previous to his coming to this city three years ago.

During the first year spent in La Crosse, Dr. Flynn practiced with the firm of Evans and Dvorak but later severed his connection with that firm in order to establish a practice of his own. Since that time he has been located at 811 Rose street and has built up a large practice not only among the residents of the north side but throughout the entire county.

Dr. Flynn was formerly a resident of Caledonia, Minn., and received the greater share of his early education at that place.

## ALLEN OUTLAWS DENIED NEW TRIAL

The Court House Gunmen Doomed to Die Friday Refused Another Chance

RICHMOND, Va., Nov. 18.—Virginia's supreme court today refused a new trial to Floyd Allen, and his son Claude Swanson, condemned to die on Friday for their part in the murders in Judge Massie's court room, at Hillsville last March.

Preparations were immediately made by friends of the doomed man to appeal to Governor Mann for a commutation of the sentences. The governor has already gone over the records in the case, anticipating such a plea for clemency, and it is expected that he will give his decision at once. The Allens' friends admit that the prospect of his stay of the electrocution is meager.

### VACCINATION FREE TO SCHOOL CHILDREN

Free vaccination of school children has been provided by the city health department and all children applying at the office of Health Commissioner J. M. Furstman between the hours of 2 and 5 p. m. any day this week will be vaccinated free of charge. The free vaccination plan has been adopted by the department as a precaution against the spread of smallpox which has broken out in the city. The two school rooms which were quarantined in the Longfellow and Washington schools will probably be opened next week. The fact that the ten cases of the smallpox that now in the city are not in one neighborhood is causing the department to take extra precautions to prevent its spread.

## CALVE ROWS WITH HUBBY; LOSES VOICE

ST. LOUIS, Mo., Nov. 18.—Physicians hurried about the hotel where Mme. Calve is staying today, and following at their heels was M. Gasparri, husband of the singer and her manager. They fear the noted prima donna will not be able to sing for months and are anxious for the physician's verdict. Mme. Calve was scheduled to sing in Madison, Wis., tonight, but it is certain this engagement will be cancelled and the trip may even be abandoned until the singer's throat is in better shape.

Mme. Calve is suffering from a severe congestion of the larynx brought on, her manager says, by a combination of Chicago smoke and a severe cold. A third cause is reported to be the effect that Mme. Calve had her first tiff with her husband Saturday and that violent weeping aggravated the condition of her throat. The husband refused to discuss this report. Today she could hardly speak above a whisper. Her engagement to sing "Carmen" at a local theater last night was cancelled.

## CHINESE MOVE AGAINST RUSSIA

Troops Start Advance Upon Czar's Men Who Have Entered Mongolian Domain

### PRESIDENT NOW FAVORS WAR

Yuan Shi Kai Reported to Have Given In to Party Favoring Hostilities

PEKIN, Nov. 18.—A heavy movement of Chinese troops was in progress today toward Mongolia, which Russia is accused of having undertaken to grab. A big delegation of Mongolian dignitaries who came here recently to repudiate the declaration of independence previously issued at the Mongolian town of Urga, on the ground that its authors were Russian tools, yesterday formally requested Chinese military assistance in driving out the czar's troops who have lately been entering the territory.

President Yuan Shi Kai had apparently surrendered to the Chinese war party today, and hostilities were deemed imminent.

CHANGHAI, Nov. 18.—Thousands of Chinese are enrolling as volunteers for service against Russia in the event of a war to prevent the czar from grabbing outer Mongolia. A tremendous mass meeting was held in Canton yesterday at which an immediate declaration of hostilities was demanded.

### DIES AT END OF RACE

DENVER, Col., Nov. 18.—Wounded while out hunting with her husband and a party of friends, Mrs. Dorothy Solomon lost a fifteen mile automobile race with death. The woman was accidentally shot in the breast as she leaned over the front seat of the automobile. The machine was turned about and raced for Denver at a speed of almost a mile a minute. At the very moment the automobile drew up in front of St. Joseph's hospital Mrs. Solomon died.

### IDENTIFY VICTIM

CHICAGO, Nov. 18.—The woman who was murdered at the Saratoga hotel here last Thursday was partly identified today at the county morgue, as that of Mrs. Renner, formerly of Mount Clemens, Mich., and later of Detroit.

### WEATHER

For La Crosse and vicinity: Fair tonight and Tuesday; no decided change in temperature.

For Wisconsin, Minnesota and Iowa: Fair tonight and Tuesday.

**Weather Conditions**  
The weather is fair this morning in all sections, and clear at most stations except in the extreme north-east and in the north Pacific states where there is some cloudiness. The pressure is high over the greater part of the country and the temperature is below the normal in the Atlantic, gulf and central states. An area of low pressure, central in Arizona, extends southward into North Dakota and the temperature is above the seasonal normal in the northern states from the upper lakes to the Pacific coast. Eastport, Alpena and Seattle are the only stations reporting precipitation during the past 24 hours.

Fair weather will continue in this section tonight and Tuesday with nearly stationary temperature.

## ORDER BATH TUB TRUST DISSOLVED

Supreme Court Upholds the Maryland Federal Decision on Enamel Ware Company

### IS AN IMPORTANT RULING

Declared that Holding Patent on Tool Does Not Warrant Monopoly

WASHINGTON, Nov. 18.—The supreme court of the United States today upheld the decree of dissolution against the Standard Sanitary Manufacturing company and allied concerns known as the "Bath Tub" trust, decided by the federal court of Maryland. The trust had been ordered dissolved as a combination in restraint of trade despite its contention that the decree was an invasion of its patent rights.

The decision was regarded by government trust busters as one of the most important since the Standard Oil decree. In the so-called "patent monopoly" decision, last year, the court held that the owners of a patent might dictate the terms under which the patented article could be sold. It had been feared that the court might apply this reasoning to the Sherman law and prevent the government from attacking any of the trusts which controlled big patents.

The decision, however, was a sweeping denial of such a view. The entire case hinged on the right of the owner of a patented article to make such use of it as to create a monopoly in the manufacture and sale of another unpatented article.

It was on November 27, 1911, that the Maryland federal court sustained the government's contention that the Standard Sanitary company, and twelve other allied concerns and a number of individuals were guilty of monopoly of trade. The defendants appealed on the grounds that their patent rights were invaded by the dissolution decree.

In affirming the decree of the lower court that the trust's manufacturers and jobbers license agreements, by which it fixed uniform prices and mode of sale of enameled ware articles were unlawful, the supreme court declared that the defendants' ownership of the patent on a tool, did not justify them in conducting a monopoly in trade. Whether the patented tool figured in the case or not the court held, they were violating the anti-trust law.

### TO SELL U. S. MOTOR PLANTS

NEW YORK, Nov. 18.—Bids for the sale of the entire properties of the United States Motor companies, either as a whole or individual plants will be opened in the United States court here on January 8 between 11 and 3 o'clock, according to an order of sale approved by Federal Judge Hough today.

### LAWYER PUT ON TRIAL FOR MURDER

Attorney Gibson Today Faces Court for Alleged Killing of Rosa Szabo

GOSHEN, N. Y., Nov. 18.—With only half a dozen persons in court, outside of the talesmen, attorneys and newspaper reporters, the trial of Burton W. Gibson, lawyer, indicted for first degree murder in having caused the death of Mrs. Rosa Szabo, last July, was formally opened at 10:40 today.

Mrs. Gibson was the only woman in court when Justice A. S. Thompson opened the trial. Thirteen veniremen were examined during the first hour and three of them were given permanent seats in the jury box.

The state expects to make a great deal of capital out of the admission that Gibson is unable to produce the woman who posed as the mother of Mrs. Szabo and to whom he alleges he paid over \$7,100 missing from the estate. According to Jacob B. Singer of counsel for the defense, this woman has absolutely disappeared. Singer said today, however, that they would easily establish her identity.

To offset this evidence, however, the state plans to produce the brother and other relatives of the dead woman who will tell of the death of Mrs. Szabo's mother in Austria.

### SUPREME COURT RECESSES

WASHINGTON, Nov. 18.—Although this was the fifth decision day of the fall term of the supreme court, the court handed down no opinion in the anthracite "trust" or railroad rate cases. The court this afternoon recessed until December 2.

### STUHR VERY ILL

Peter Stuhr of Lake City, Minn., is very low at St. Francis hospital, where he was operated on for abscess and appendicitis.

## TO ILLUSTRATE WITH "MOVIES"

OMAHA, Neb., Nov. 18.—The absorbing topic of discussion in church circles here today is the announcement of Rev. Charles W. Savidge of the People's church, made to his congregation last night, that he would install a moving picture machine in his church, give free picture shows and illustrate all of his sermons with the "movies."

"I am convinced that many people attend picture shows who cannot afford to do so," said the Rev. Savidge, in making the announcement, "and I think it will be a work of charity to provide them with a place where they can be entertained free of charge. Besides, many of the pictures shown in our picture theaters are not what they should be."

Rev. Savidge, a few weeks ago, established a matrimonial bureau at his parsonage and threw open his church parlors to those who might wish to use them for courting.

### TO PLACE MILITIA ON WAR FOOTING

Acting Secretary of War Invites Aid of Governors in Plans of the War College

### PERFECT FIGHT DETAILS

Wisconsin Named in District to Assist Four Tactical Divisions of Regular Troops

WASHINGTON, Nov. 18.—One of the most important moves in recent year to prepare the national militia for use in time of war, is proposed in letters addressed by Acting Secretary Oliver to the governors of all the states and territories, inviting their co-operation in the war college plans for the organization of the militia into twelve divisions.

The letters point out that if the militia is to be used as a field force effectively in war time it can best be done by this system of divisions and to insure the proper working of the plan all of the details should be worked out in time of peace.

The war department proposes detail inspectors to assist state officials, and war material for the militia will be distributed and stored in suitable depots to be at hand locally when mobilization is ordered.

General Oliver plans to have the first four of the twelve tactical divisions composed entirely of regular troops with the district of Columbia militia assigned to duty as regulars.

The "thirteenth" division, with headquarters at St. Paul, includes the states of Wisconsin, Iowa, Minnesota and North and South Dakota.

**SNEAD DENIES GUILT**  
FORT WORTH, Texas, Nov. 18.—The taking of testimony began today in the trial of J. Beal Snead for the killing of A. J. Boyce. For the second time Snead formally entered his plea of not guilty.

**OIL GETS BOOST**  
PITTSBURGH, Pa., Nov. 18.—Crude oil advanced another five cents per barrel today, Pennsylvania crude now being \$1.80. Other grades known as "Eastern" were given a like boost.

## LEWIS JURY IS UNABLE TO AGREE

Fourth Trial of Publisher in Six Years Ends in No Decision

ST. LOUIS, Mo., Nov. 18.—The jury in the case of E. G. Lewis, the publisher charged with using the mails to defraud, reported to Judge Willard today that it was unable to agree on a verdict, and was discharged. The jury's failure to agree will end the government's six year prosecution of the publisher, it is believed. Lewis has been tried four times in the United States court on indictments resulting from an investigation of his enterprises at University City.

A conviction has never been secured.

The last two trials have resulted in hung juries. Witnesses from all parts of the country testified in the trials as to having invested in the Lewis enterprises. The jury discharged today had been out eighty-nine hours.

### WOULD ENDOW GRAFTON

FOND DU LAC, Wis., Nov. 18.—Plans were launched today for a \$200,000 endowment fund for Grafton hall by alumnae of that educational institution.

## TURK DEFENSE HOLDS AT LAST

Bulgarians Stopped in Their Advance Upon Constantinople; May Prolong the War

### THE ALLIES MUST WIN SOON

If Balkan States are Forced to Drop Campaign by Winter Chance of Beating Moslem Is Gone

LONDON, Nov. 18.—The surrender of Monastir to the Servians was reported this afternoon, in messages from Belgrade. Three Turkish generals and 45,000 soldiers, it was said, were captured.

Monastir is the capital of the province of the same name, and has 45,000 or 50,000 population.

VIENNA, Nov. 18.—Turkey's claim that the Bulgarians have at last suffered a severe check in their advance on Constantinople was regarded here today as corroborated in several convincing ways.

More to the point than any other one thing was the stiffening of the Ottoman diplomatic representatives at the various European capitals in their attitude concerning peace terms. Hitherto, since the succession of Turkish defeats between Mustapha Pasha and Chatalja, the sultan has fairly clamored for intervention by the powers. Today, while it was still admitted that he expects to make heavy concessions to secure a cessation of hostilities, it was intimated that he does not feel there was need for such desperate haste about it.

Sofia, too, which has been very prompt in the past in reporting every Bulgarian victory, was profoundly silent concerning the latest developments before Constantinople.

**Must Make Peace**  
Assuming it to be true that Czar Ferdinand's forces have been effectively stopped, it was agreed that the allies will have to modify their demands, and make peace with the Turks in short order.

Greece has not completely exhausted its resources, but Bulgaria, Serbia and Montenegro have sent every available fighting man to the front. Winter is now rapidly closing in throughout the Balkans. The Bulgarian force before Constantinople must either advance or fall back.

Should it be compelled to retreat, and await spring for a resumption of the campaign, the Turks will be given ample time to reorganize their shattered European forces, strengthen them enormously from Asia and resume warfare when the weather again makes fighting possible.

Twelve thousand Turkish soldiers were reported today in a special to the Frankfort Gazette, to have died of disease in the past week.

The wildest fancy cannot picture the scenes along the defense line, the Gazette's correspondent asserted. Soldiers fall dead with guns in their hands. The railroad is lined with their corpses. Dogs would not be so brutally treated in a civilized country. Dying men are kicked from the trains with a ruthlessness absolutely inhuman.

**Allege Servian Atrocities**  
CONSTANTINOPLE, Nov. 18.—The Turkish government today officially informed Germany, which is looking after Turkey's diplomatic interests at the capitals of the Balkan states during the war, that the Servians and Greeks are committing the most frightful atrocities. Albanian prisoners of war and non-combatants alike are being murdered wholesale, it was charged.

**5,000 Cases a Day**  
CONSTANTINOPLE, Nov. 18.—The rate of increase in the number of cholera cases among the Turkish troops has reached 5,000 daily, according to information from Constantinople today.

**Britons Guard U. S. Embassy**  
LONDON, Nov. 18.—British marines are guarding the United States embassy in Constantinople, according to a report received here today from the commander of the English warships in the Bosphorus.

Earlier messages had stated that eighty Americans were landed from the United States guardship Scorpion to protect the embassy, but later advice were to the effect that the Scorpion, a small craft, was able to furnish only six men. As the Constantinople situation was growing hourly more threatening and foreign as well as native Christians were deemed in danger of violence at the hands of the Mohammedans the British offered to loan 116 marines. The American ambassador was glad to accept.

### DIES OF OLD HURT

DES MOINES, Iowa, Nov. 18.—W. G. Pollock is dead at Mercy hospital from the effects of injuries received eighteen years ago, when he was assaulted and robbed of \$15,000 worth of diamonds on a train near Council Bluffs, by Frank Shercliff, noted desperado, now serving a life sentence in the Colorado penitentiary for murder.

#### "THE SUFFRAGETTES"

Varying the regular run of vaudeville with a one act musical comedy presented by clever Nan Halperin and her company under the catchy name of "The Suffragettes" the Majestic theater will offer for three days, starting today, a novel and interesting departure in the extreme.

"The Suffragettes" as presented, consists of but one act, but that one act has rolled into it sufficient music, songs, catchy situations and pretty girls to take up the time that would ordinarily be occupied by a full bill of vaudeville. And there is developed and brought to a pretty conclusion a plot that is ahead of the usual run of like performances, and one that leaves the audience in a joyful mood—glad that they came.

The scene of the comedy is laid in a seaside hotel, the Westeria, run by an excitable little Frenchman. The suffragettes, ten in number, under the presidency of Mrs. Lovejoy Kidder, a three time widow, with Daisy Love Gold (Nan Halperin), holding the important position of secretary, descend upon the hotel unexpectedly and proceed to take possession of Alphonse. Then enters the "hated" (?) man, first in the person of Jack Diamond, who is in love with Daisy and has been following her from place to place in a wild endeavor to persuade her to become Mrs. Diamond. Next comes Henry Weinherherring, a person of unknown quantity, but willing to accept what comes as it comes, who is piloted and guided by McDurham P. Fixer, who is on the lookout for the dollar, and who is willing that the "unknown quantity" shall do all the hard work under his expert guidance. The men in the case are followed by Baroness Hasenpfeffer, who has

quarreled with her baron and is anxious to make up. The plot is now on, and is duly presented to the audience in a series of catchy and attractive musical numbers. There is expected at the hotel Baron Hasenpfeffer, who is said to possess a wonderful secret compound, one drop of which will make the one to whom it is administered immediately and perpetually fall in love with the one serving it. Jack Diamond hears of it and resolves that he shall get a portion to give to the fair Daisy McDurham. Fixer learns of the baron and his compound and through his cleverness the "unknown quantity" is duly installed as the missing baron, naturally with resultant complications somewhat embarrassing. The wonderful fluid arrives, however, addressed to the real baron, and the supposed baron makes good use of it, with the resultant breaking up of the band of so-called men haters and much happiness to those who were the anxious ones.

Naturally the best part of the comedy falls around Miss Halperin as Daisy Love Gold, the attractive secretary; and she is equal to every emergency. Not only is she a clever actress with the power of making everyone her friend right from the start, but she is possessed of an attractive and entertaining voice and can dance exceptionally well. The part of Jack Diamond, her lover, is taken by Archie Foulk, a clever actor, and possessed of a clear and entertaining voice.

Mrs. Lovejoy Kidder is portrayed by Florence Tanner, who carries out her part as president of the body with exceeding grace and ability, and also contributes materially to the musical side of the play. As Alphonse, the much disturbed hotel man, Bob Bently fills the part to perfection, from his carefully waxed mustache to his nimble feet. Dorothy Dale, taking the part of the Baroness Hasenpfeffer, is a bit and de-

serves her share of the honors.

Nat Phillips as McDurham P. Fixer is there with the talk and with the proper support for his client.

Next to Miss Halperin, however, Billie Friedlander as Henry Weinherherring, "The Unknown Quantity," appears to have the stage when it comes to the laugh features of the sketch. His part is a difficult one, but he is all the time at home, whether it be the dodging of designing suffragettes, the playing of the part of the absent baron to the dotting wife who believes that he is her husband in disguise, or the classical manner in which he brings fond hearts together by skillful administering of the love compound.

The songs, jokes and costumes of the comedy are all new and presented in a manner that is a sure cure for the blues. The company is made up of fourteen people—the chorus being a bevy of bewitching beauty.

Among the musical numbers of special mention are "The Jack O'Lantern Men," by Miss Halperin and chorus; "The Garden of Love," by Miss Tanner and the "Dollar Sign," by Miss Halperin and Mr. Foulk. Mr. Charles Humfield is musical director.

#### ANNOUNCES NEW CAMPS

MADISON, Wis., Nov. 18.—H. S. Sigelko of this city, Wisconsin commander of the Sons of Veterans, today announced the appointment of the following aides on the commander's staff from newly organized camps: Charles Herman, Brandon; George Mattes, Kiel; former Assemblyman Roy Reed, Ripon; C. B. Clark, Neenah-Menasha. During November, camps at Pardeeville, Evansville, Edgerton, Milton, Sheboygan Falls and Lodi will be chartered. Commander-in-Chief Ralph W. Grant will be the guest of the Wisconsin division, beginning Dec. 4, making Madison his headquarters.

### SURELY SETTLES UPSET STOMACH

"Pape's Diapepsin" ends Indigestion, Gas, Sourness in five minutes.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diapepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is it's harmless.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Advertisement.

### HOLDS MICH. AGGIE A FOOTBALL WONDER

Blake Miller.

According to Ralph Hoagland, former Princeton star, and now one of the best known officials in the west, Blake Miller of the Michigan Agriculture college, is the find of the season in football. Miller was the first man to score on Michigan this year. In the DePauw game he got away four times for long sprints to the goal, pulled off three end runs and received two forward passes which were good for 35 yards each. Other critics agree with Hoagland that Miller is the west's greatest player and about the only candidate this section of the football world will produce for the All-American team this fall.

### GIRLS CAUGHT IN MINE

TWO YOUNG WOMEN RESCUED WITH FIVE MEN AFTER 16 HOURS' IMPRISONMENT BY CAVE-IN

FRISCO, Utah, Nov. 18.—"Neither my sister nor I will ever go into a mine again. Once was enough for us. No one can tell the joy we felt when the miners finally opened the tunnel and got us out."

Hazel Alexander, who with her sister Daisy, and five men, was imprisoned for sixteen hours in the Horn Silver mine here by a cave-in, thus referred to her experiences. She and her sister have nearly recovered from the shock. The five men who were imprisoned with them, said they felt no ill effects from their entombment.

### LACK OF STONE HALTS NEW DOME

MADISON, Wis., Nov. 18.—Lack of granite has temporarily halted work on the capitol dome. The erection of the dome is far in advance of schedule, however, and may not be resumed until April. Secretary Lew F. Porter of the capitol commission said the granite work on the exterior will take all next summer and that the interior work will employ skilled workmen for a year beyond that time. Mr. Porter was not over-enthusiastic about the prospect of completing the south wing in time for receiving the state senate next January. Until such time as it is ready, the assembly parlor will be used for the senate. The inside of the south wing is a mass of scaffolding and much of the marble must yet be placed in position. None of the stairways have been laid and only part of the electric system has been installed.

#### FUNERAL TUESDAY

The funeral services of Ole Johnson will be held at the residence, 1502 Mississippi street at 2 o'clock Tuesday afternoon and at the West Avenue Norwegian Lutheran church at 2:30 o'clock. Rev. R. Anderson will officiate and burial will be made in the Oak Grove cemetery.

### SAYS M'NAMARA SOUGHT DEATH

Cincinnati Man Declares John J. Asked to Be Killed After Times' Explosion

INDIANAPOLIS, Nov. 18.—Following the Los Angeles explosion, in which 21 persons died, J. J. McNamara was filled with remorse, as well as panic stricken, and begged a man to kill him, according to Frank Eckoff of Cincinnati, who said he was the man. Eckoff, an iron worker, was a witness today in the dynamite conspiracy trial and told of being sent to Ballagh, Neb., where J. B. McNamara was in hiding after the California tragedy.

"J. B. and I were out hunting in the woods," Eckoff told the jury, "and we suddenly began to talk of the Los Angeles explosion. He said he wanted to die, and begged me to shoot him then, when he was not looking."

## How to Make CALUMET Biscuit

To see how delightful baking can be, get a can of Calumet Baking Powder—and try this delicious recipe:

Calumet Biscuit.  
1 heaping teaspoonful Calumet Baking Powder.  
1 level teaspoon of salt.  
2 rounding tablespoons butter or lard.  
¾ cup of milk.  
¾ cup of water.

Sift flour once, then measure, add salt and baking powder and sift three times, rub shortening in with fork or spoon, add milk and water, turn out on a well floured board and roll one inch thick, cut and bake in a quick oven about twelve to fifteen minutes.

And then when they come piping hot from the oven, light and fluffy and wholesome—butter and taste.

That's the Calumet test—always. Everything baked with Calumet must be as good—or a little better—than bakings made with other brands.

Calumet is moderate in price—economical in use. Your grocer knows—ask him.

## High-Speed Eating and Wrong Food Lead to Indigestion

A little thought should convince anyone that right habits of eating are of first importance.

Five important points should guide the wise selection of food

- Must be nourishing,
- Must be easily digested,
- Must taste good,
- Must make work for the teeth,
- Must be economical—

### "There's a Reason" for GRAPE-NUTS

Made by Postum Cereal Co., Ltd., Pure Food Factories, Battle Creek, Mich.

#### HAS A SAY The School Principal Talks About Food.

The Principal of a High School in a flourishing Calif. city says: "For 23 years I worked in the school with only short summer vacations. I formed the habit of eating rapidly, masticated poorly, which coupled with my sedentary work led to indigestion, liver trouble, lame back and rheumatism.

"For 12 years I struggled along with this handicap to my work, seldom laid up but often a burden to myself with lameness and rheumatic pains.

"Two years ago I met an old friend, a physician who noticed at once my out-of-health condition and who prescribed for me an exclusive diet of Grape-Nuts, milk and fruit.

"I followed his instructions and in two months I felt like a new man with no more headaches, rheumatism or liver trouble and from that time to this Grape-Nuts has been my main food for morning and evening meals. I am stronger and healthier than I have been for years, without a trace of the old troubles.

"To all this remarkable change in health I am indebted to my wise friend and Grape-Nuts and I hope the Postum Co. will continue to manufacture this life and health giving food." Name given by Postum Co., Battle Creek, Mich.

Ask any physician. Those who have tried Grape-Nuts know things. Look in pkgs. for the famous little book, "The Road to Wellville."

### BLACK RIVER DAM NEARLY COMPLETE

Iron Foregates of Wall Pro-  
tecting the City Arrive  
and will Be Put In  
at Once

BLACK RIVER FALLS, Wis., Nov.  
18.—The structural iron for the  
tainter gates of the dam which will  
replace the one which by its burst-  
ing caused the destruction of this  
city a year ago, has arrived and will  
soon be put in place. It is thought  
that the work on the dam will be  
completed in about six weeks.

The contractors have completed  
the form work for the platform to go  
on top of the tainter gates piers on  
which the gate hoist is to work. The  
retaining wall which was put in last  
winter, soon after the flood is still  
in use.

The publishers of the Jackson  
County Journal, who lost their  
building in the flood which swept  
the town a year ago have just moved  
into their own building. The structure  
is of concrete and is calculated  
to be able to withstand any repetition  
of the flood. The editorial and com-  
posing rooms are on the main floor.  
The press will be in the basement.

### Bake the Fruit Cakes Now

As fruit cake improves with age, it is a  
good plan to bake several loaves at once—  
enough to last through the Holiday Season.  
Wrap the loaves in oiled paper, put them  
in a cool place, and they will keep all winter.

This recipe is an exceptionally good one,  
and if followed carefully, you will have  
cake that you will be proud to serve on any  
occasion that may arise during the winter.

### K C Dark Fruit Cake

By Mrs. Janet McKenzie Hill, Editor  
of the Boston Cooking School Magazine.

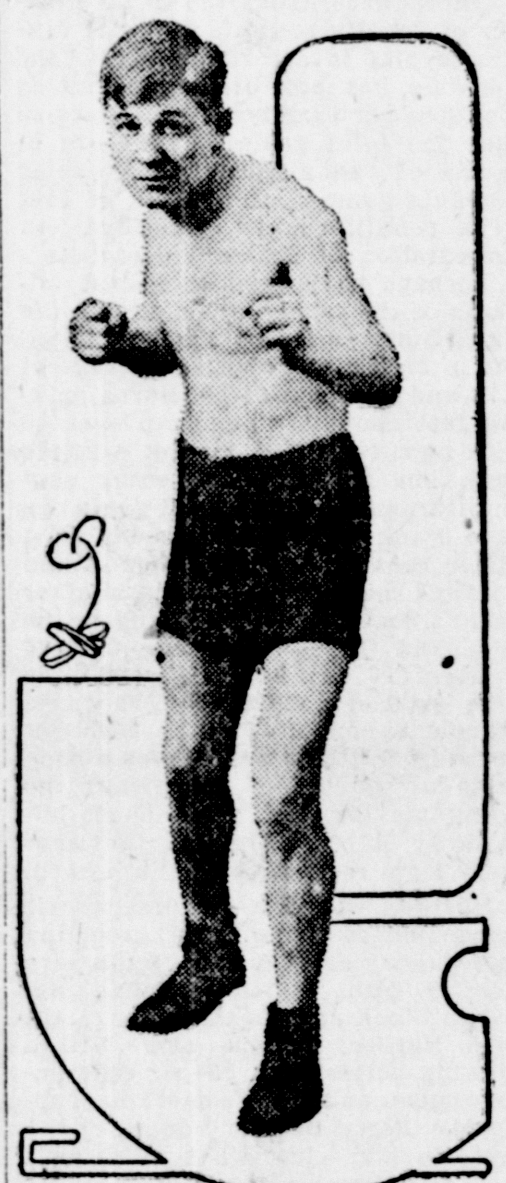

4 cups flour; 1/2 teaspoonful salt; 1 tea-  
spoonful K C Baking Powder; 2 teaspoonfuls  
cinnamon; 1/2 teaspoonful allspice  
and nutmeg; 1/2 teaspoonful each, cloves  
and mace; 3 lbs seeded raisins; 1 lb.  
currants; 1 lb. chopped figs; 1 lb. sliced  
citron; grated rind of 1  
lemon; 2 cups butter; 2  
cups sugar; 12 eggs,  
whites and yolks beaten  
separately; 1 cup wine  
or coffee.

Sift together flour, salt, baking powder  
and spices. Dredge fruit with flour thor-  
oughly. Cream butter and sugar; add beaten  
yolks; add alternately flour mixture and  
liquid; add whipped whites, beat for ten  
minutes. Stir in prepared fruit. Line loaf-  
pans with four thicknesses of paper; pour in  
batter. Bake in slow oven from three to five  
hours, covering pans with paper until two-  
thirds baked.

### CHILD'S ARM TORN OFF IN SHREDDER

NEW RICHMOND, Wis., Nov. 18.—  
Presence of mind and instantaneous  
action on the part of Alphonse  
Cloutier, a farmer residing five miles  
west of this city, saved the life of his  
7 year old son, one of twins, and  
also one of a family of eleven chil-  
dren, when the child attempted to  
feed some cornstalks into a corn  
shredder while his father's back was  
turned. The boy's left hand was  
drawn into the machine. The father  
heard the child's screams for help  
and stopped the machine, but not un-  
til the boy's left hand and lower  
arm had been crushed. It was found  
necessary to amputate the arm just  
below the elbow.

### READ WHY SHE PREFERS A DIAMOND LA VALLIERE

There is no article of adornment that women have so  
set their hearts upon. The La Valliere Necklace today is  
as ultra stylish as when adopted by famous court beau-  
ties before the decadent days of old France. This dainty  
ornament can be worn on any occasion—another  
reason why women prefer it to a gift that is seldom to  
be seen. Irvine's flexible Pendant La Vallieres of

### MRS. ELIZA HEINIK DIES AT AGE OF 65

Mrs. Eliza Heinik, 412 North Fourth street, died of a complication of diseases at her home at 8:45 o'clock last evening. She had been ill for about a year.

Mrs. Heinik was born in New York on November 27, 1846, and she was 65 years old. She was well known here, where she had lived for many years.

She is survived by her husband, one daughter, Mrs. Ed Oproso of St. Paul, and one son, Chris Pendergost of La Crosse.

The funeral will be held from the residence, 412 North Fourth street, at 2 o'clock tomorrow afternoon, with Rev. D. C. Jones officiating at the services.

### TELL OF FINDING DYNAMITE BOMBS

Los Angeles Witnesses Relate Discovery of Explosive at Business Men's Homes

INDIANAPOLIS, Ind., Nov. 18.—Interesting sidelights on the blowing up of the Los Angeles Times, October 1, 1910, when 21 persons lost their lives and stories of excitement that followed that horror, today were told by California witnesses to the dynamite conspiracy jury.

Joseph W. Bringham, a Los Angeles street car motorman, told of being the first to find the infernal machine in the yard of Felix Zeehandlaar, secretary of the Los Angeles Merchants & Manufacturers' association. He said a woman called him from the yard and asked him to carry out into the street a strange looking suitcase.

"The thing began to make a ticking sound, and I set it right down, calling a detective to take it away," Bringham said.

The detective was E. F. Rico, of San Francisco, assigned to the dynamite case, and he followed Bringham on the stand, telling how he opened the suitcase and found it to contain an alarm clock and a quantity of explosive. Rico was the detective, he said, who carried the bomb away from the home of General Harrison Gray Otis, owner of the Times, on the morning after the newspaper plant was blown up. Rico said that he found a suitcase under the porch of the Otis home and was carrying it across the street to a park when he heard a sound inside like the alarm of a clock.

"I set the thing down as carefully as I could," said Rico, "and beat it from there. When I had made fifty yards in something less than nothing, the bomb went off. The explosion broke windows in every nearby house."

### BULL MOOSERS TO CONTEST THE COUNT

MILWAUKEE, Wis., Nov. 18.—The bull moose leaders are determined to establish the principle of whether or not a cross at the head of a list of independent candidates constitutes a vote for all the candidates in the column. As a preliminary, demand for a recount in six precincts of Milwaukee county has been made on the county board of canvassers, said Norman L. Baker on Sunday. In a number of cases it is said that votes which were marked with a cross at the top for the Roosevelt electors in the independent column were thrown out by the election officials. The bull moose leaders demand that these votes be included in the count.

### A. A. DONALDSON DIES OF HEART DISEASE

Alonzo A. Donaldson, aged 60, died of heart disease at his home at 1408 Vine street this morning at 5 o'clock, following a short illness. He was in business at 301 North Third street. The funeral arrangements have not been made.

### STREET CAR CO. WINS LAWSUIT

Moore's Claim for Damages Not Allowed; Davis Gets One Year

The verdict of the jury in the case of Charles M. Moore, proprietor of the Moore laundry, vs. the La Crosse Street Railway company, which was tried in circuit court last week, was rendered in favor of the street car company today. Mr. Moore sued the company for \$800 damages which he claimed was done to his automobile last spring in a collision between his auto and a street car in front of his place of business. The jury, after being out a little more than an hour Saturday, returned a sealed verdict, which when read to court awarded Mr. Moore no damages.

Mr. Moore alleged that the car which ran into his auto was running at a reckless speed when it struck him but the motorman testified on the stand that they were not running at a high rate of speed. The motorman declared that Moore ran in front of the car and then tried to back out of his predicament and before he could stop the car struck the auto.

William Davis was sentenced to one year in the state penitentiary for stealing a horse belonging to the Hodge livery barn, by Judge E. C. Higbee today. Davis pleaded guilty to the charge before the judge Saturday but following his own statement casting a doubt on his sanity Judge Higbee refused to accept his plea and District Attorney James Thompson was ordered to have Davis examined by the county physician. Davis was examined by Drs. Wolf and Gunderson Saturday evening and pronounced sane. He was arraigned again today, pleaded guilty and was sentenced.

### SHE CAUSED 3 DEATHS

WOMAN CONFESSES TO TWO MURDERS AND TELLS HOW SHE BROUGHT MAN TO SUICIDE

SEDALIA, Mo., Nov. 18.—Accompanied by a deputy sheriff, Mrs. Pansy Ellen Lesh arrived here today from Los Angeles and was placed in the county jail. While in the California city, Mrs. Lesh confessed to having murdered two women in Missouri several years ago. Her confession was voluntary as she believed her husband was about to betray her. Today she declared she did not fear the result, but was anxious to make atonement.

Mrs. Lesh is now twenty-three years old. According to her story, she was adopted by E. M. Quintance, a farmer, when she was 12 years old. Quintance wronged her. A short time afterward she killed Mrs. Quintance, putting rat poison in capsules she was taken. She then lived with a Mrs. Coe in Sedalia. The woman was cross to her, she said, and she poisoned Mrs. Coe. Mrs. Lesh said she confessed to her relations with Quintance at a church meeting and her former guardian committed suicide.

### CLAIMS ASSAILANT IS OLD ENEMY

RIPON, Wis., Nov. 18.—Word was received here on Sunday that M. A. Root, a former Ripon man, was shot and seriously wounded at his home in Denver, Colo., by a man he says he recognized as a boyhood enemy in this city. Root was taken to the county hospital here, where he stated the trouble which led to the shooting started shortly after he left school here, when his home was robbed, and he recognized the burglar as James Devinney.

### MAY PLAY EASTERN GAME NEXT YEAR

MADISON, Wis., Nov. 18.—That the agitation here for a big intersectional football game between the champions of the east and west will result in such a game next year was the opinion of football men here today. It will be that Harvard will not consider the proposition of a game with Wisconsin this year, but it was predicted that the desire of the big eight conference champions to meet the eastern cracks in a national championship contest would bring about an intersectional battle next fall.

### MUCH INTEREST IN B.6 TOURNAMENT

Many Games Played and Schedule May Be Completed in Nine Weeks

### PLAYERS AVERAGES IMPROVE

Contestants Are All Doing Good Work and the Games Prove Interesting

The second week of the billiard tournament at the La Crosse Club despite the fact that it was a busy week socially, came near equalling in number of games played the record breaking first week with 85 games played against 65 for the second week, or 22 per cent out of a total of 675 games to be played in the four classes. At this rate the tournament will be played out in 9 instead of 13 weeks as per schedule.

There was a marked improvement in averages as a whole most of the players getting better settled into the harness and displaying more confidence. There was also a very noticeable improvement in style of play, many of the contestants apparently giving about as much attention to style as high count which had the effect of reducing the number of nerve-racking "smash" shots. Perhaps the most noticeable and most gratifying feature of the week's play was the marked improvement in stroke displayed by the various players as a whole.

There were about the usual number of penalty marks account of failure to play in accordance with the schedule, but most of these penalized played other than schedule games so that the total games played are in excess of the number of regular schedule games. A number of first week penalties were cancelled on presentation of reasonable excuses.

Perhaps the best and fastest billiards of the week were shown in the Funk-Burns match, Funk winning out in 29 innings with an average of 3.76 and high run of 16, Burns making just about his handicap average with high run of 15. Funk won the bank but missed the opening shot and Burns following with a goose egg, gave Funk the opening count of 4 and in the 11th he clicked off 13 and followed his lead up with another baker's dozen in the 22nd and in the 26th and 27th, the string showed gains of 16 to 14 respectively, the 28th showed nothing but the next egg but a run of 7 in the 29th put Burns under the rope. It was a good game to watch, no jockeying, no safety playing, but good, clean billiards by both players, the right shot every time regardless of the hazard.

Hurtgen who lost his first week's game underwent a good grooming over Sunday and came up to the wire Monday with "I'll-show-'em-a-thing-or-two" look and took three straight from Harboe, Hough and Nelson showing better than 50 per cent improvement and then something happened. Percy Bentley done something to him—just what Billy don't seem to remember but Tommy Burns was paying for things after the game and Charlie Schweizer, the "rumps," paid his street car fare. Curtis, one of the "freshies" after making three home runs got tagged by both Tourtelotte and Geo. Schweizer several feet from the home plate. Lloyd Lamb just to show Marboe that he was only playing in his class by special request of the coach ran the game out in 32 getting an average of 218 and H. R. of 13.

Arthur Schwalbe and Nelson both came up materially, the former playing one game better than 200 and Nelson one at a 241 clip. The present holder of the championship title is making a weak defense so far, having played and lost four games and the peculiar thing about it is that he received the same count in each of the four games. However, he still has a "fighting chance."

Frank Schwalbe, Jr., "deer" hunt proved a hoo-doo in more ways than one—no deer and a loss of three in rapid succession to Gatterdam, Utermoehl and Burns, (John). Gene Gatterdam hit her up to a 250 clip with H. R. of 15 and another one at 225, winning 5 out of 7 games played. Utermoehl took four straight, having four out of five to his credit. Hankerson won his first and only game but fell short of his handicap in his match with "Tony" Brayton who did not show anywhere near as good form as in last year's play which is accounted for by the fact that he has been "shooting the shoots" at three cushion carom too much lately to settle down to real billiards, but he demonstrated to Fred that it would be useless to attempt safety play and some of the three cushion stunts he pulled off made 'em all sit up and take notice. Johnnie Burns who was, by a small margin, defeated by Craft who has won six straight went over the bars and onto the 300 green with Wager, running out in 30, but was immediately rounded up and branded by Art Funk who came very nearly breaking into the 400 class, running out in 29 about 70 per cent better than his handicap. Wager with his bull dog tenacity finally broke away from his losing streak and dressed up lost the game, Burns running wild. Doc Jorris stepped over into the 100 class in 41 with a H. R. of 5. Paul Mahoney the latest arrival in the freshman class pulled off two games losing one by just one point but he was a little nervous and said that it was an entirely different matter from standing up in front of a country jury but was confident he would win

at least half of his cases on the present docket. So far he has made no objections to the procedure, but it's hard to predict what will happen when he and Jesse Higbee came together next week. For "freshies" Ted Burns and Sid Law did well Ted breaking even and Sid two out of three. We also note with pleasure that Doc Bjorkman has broken his losing hoo-doo and "rubbed out" a winner at a gait considerably better than his handicap, demonstrating that he knows how and can do it when he gets into form, not having played for several years. It isn't every billiard player that can take a loss by only three points and with a final series of 15 goose eggs and retain to the very last his sportsmanlike smile as Geo. Schweizer did in his disastrous game with Art Farnam who with but one to go required eight innings to round it up, but it was Arthur's first game and the billiard table looked so small in comparison to the golf links and he was so big that it rather confused him but he has since gotten the "boomerang" out of his vision and has won four straight and shown better than his handicap in all four. Beisel continues to lead in his class, having played six and lost but one. Johnnie Salzer administered two stings and Tommy Burns four to as many would-be "stingers" and made their "get-away." Charlie Schweizer leads with high single average of 10.35 and H. R. of 59. Art Funk follows with high average of 376 and Frank Schwalbe third with 322 and H. R. of 24, Funk having third H. R. of 23.

Nelson leads class B with 24 and Lamb second with 240 and H. R. of 15, Schwalbe second with high run of 14.

In class C Salzer holds high average record of 164, Moll, A. B., second with 155, while Curtis heads with H. R. of 12, Salzer second with 10 and Moll, third with 9.

In class D, Cassells leads with average of 113 with Dr. Bradford second with 108. Law has H. R. of 9 and Frank Schwalbe, Sr., 8.

Scheduled games for this week: Class A—Craft-Hankerson; Craft-Ott; Hankerson-Ott; Schweizer-Koppelberger; Schweizer-Gatterdam; Koppelberger-Gatterdam; Dow-Utermoehl; Dow-Burns; Moore-Burns; Moore-Utermoehl; Funk-Lees; Funk-Hart; Lees-Hart; Wager-MacMillan; Wager-Brayton; MacMillan-Brayton; Edwards-Gordon; Edwards-Schwalbe; Gordon-Schwalbe.

### CALEDONIA MAN WRITES A SONG

C. A. Hundredmark, Caledonia, a relative of W. H. Hundredmark, of 1613 Madison street, this city, is the author of a song, recently published, which tells the story of the Titanic wreck. The words of the song contrast effectively the sinking of the vessel and the attendant scenes of heroism and terror with the security and pleasure seeking of the voyage. The song is published by the H. Kirkus Dugdale company of Washington, D. C.

### DECIDES FOR GOVERNOR

WASHINGTON, Nov. 18.—The supreme court today dismissed the application of the Post Publishing company of Colorado to restrain Gov. Shafroth of that state from carrying out the terms of a state election authorizing the issue of bonds aggregating \$2,115,000. The validity of the election was challenged. The supreme court decided the appeal was not well founded, and upheld the state courts.

### EXACTNESS

In our daily advertisement it is our purpose to set forth the ideals, the efforts and the purposes of this store. And why are we growing? Because our principles of store keeping are becoming known wider and wider, and like the circles about a pebble cast into a limpid pool, they are reaching out to those who don't know.

Our whole store system is based on exactness, and nothing can retard the steady onward swing, nor warp it from its course.

### PLAN TO ARREST CROOKED BROKERS

Postoffice Inspectors of Six Cities to Get the Men of Gang that Got Thousands by Deal

CINCINNATI, O., Nov. 18.—Aided by United States District Attorney McPherson of Cincinnati, district attorneys and postoffice inspectors of six cities today planned to arrest leaders of an alleged gang of swindlers charged with having operated throughout the country for the past three years under the guise of stock and bond brokers. They are declared to have mulcted promoters and infant stock corporations out of thousands of dollars, secured through fees and commissions for arranging guarantee to their victims' securities by stock and bond insurance companies controlled by themselves. McPherson announced that arrests were to be made today in Cleveland, Buffalo, Rochester, N. Y., Boston and Chicago on indictments secretly returned by the federal grand jury here against the following: F. D. Minyard, of Cleveland, Ohio; J. Gordon Malcom, said now to be in Canada; George S. Hannaford of Chicago, and Thos. Fishwick of Boston. Names of several others indicted were not divulged.

### BIDS ON WATER PLANT ARE OPENED

Bids received from several contractors were opened by the board of public works on the following pieces of work this afternoon:

Laying of 6,600 feet of cast iron pipe in and adjacent to the pumping station, reservoirs and sub-stations together with specials, valves and fixtures.

Furnishing of materials for pipe lines.

Furnishing valves for pipe lines.

Furnishing two venturi meters and recorders.

Furnishing and erecting steam and miscellaneous piping and appliances, including heating plant.

Carting miscellaneous machinery and appliances.

According to resolutions adopted by the city council, these bids must be submitted to them and receive their approval before the board of public works is authorized to let contracts. Other bids for work and materials in connection with the new water plant will be opened Wednesday and Friday.

### 44 REAL ESTATE DEALS IN WEEK

Forty-four real estate deals were registered in the office of County Register of Deeds Andrew Thompson between November 9 and 16, according to a statement issued by Mr. Thompson today, and there were deals involving a total of \$163,818 from the first of this month until Saturday.

The transactions in real estate between Nov. 9 and 16 were as follows:

Five city deeds involving \$4,661. One of these was for a consideration of \$1.

Seven city mortgages involving \$6,225.

Eleven farm deeds involving \$24,653. Three of these were for a consideration of \$1.

Nine farm mortgages involving \$29,000.

Nine mortgages were satisfied and three were assigned.

The statement of the month's business was as follows: City deeds, \$17,250; city mortgages, \$12,525; farm deeds, \$79,043; farm mortgages, \$55,000; total, \$163,818.

## EDUCATES EVERYONE EVERY DAY

The Tribune Has Inaugurated a  
Most Unique Instruction  
Plan.

AT-THE-ELBOW LIBRARY FREE

The Knowledge That You Need  
Every Day and Every Hour in  
One Book of Reason-  
able Size

Employers and educators of La Crosse agree that the most lamentable lack of learning with which they have to contend is the prevailing ignorance of the correct use of the English language. The means to effectively remedy this deplorable condition has been a pedagogic puzzle. The Tribune believes that it offers its readers today the solution in commencing the distribution of the best educational work ever embodied in one volume of convenient size, the Modern English Illustrated Dictionary.

Libraries of many volumes, universities of many departments, schools, colleges and classes and all the educational army and impediments are of no use to the average person who can not or will not go to them when information or instruction is required, but The Tribune offers a comprehensive course of at-the-elbow education to everyone.

The knowledge that you need every day and every hour is brought to you in one book of reasonable size to which you can readily refer without moving from your chair or desk. Gradually you will acquire more and more learning without being aware that any effort is being expended. A vast fund of information will be always at your elbow.

The Tribune is confident that the intelligent clientele made up of the patrons of this paper will eagerly grasp this opportunity, and so has secured the entire limited edition of this unique work just issued.

A glance at this book will convince you that the proposition is worthy of investigation, for it is no ordinary volume, bound as it is in black limp leather. It looks like a Bible. Open the covers and you find that the book is profusely illustrated and that each word defined stands out in black-face type, making it easy to find what you want when you want it.

It has been revised and brought up to the present date in accordance with the greatest authorities from leading universities, Dr. Harry Thurston Peck being its Editor in Chief. It contains all the words of the English language that are not peculiarly appropriate to a dictionary of technical terms. The spelling and pronunciation of plurals are given, and the use of capitals and small letters. The book gives the past tense and participles of all verbs not regularly formed by the addition of "d," "ed" and "ing." The pronunciation of each word is plainly indicated by phonetic spelling, and the definitions are presented in a most comprehensive yet concise, accurate and reliable manner.

As a preface to the dictionary proper is a treatise on abbreviations of the parts of speech and their grammatical composition and derivation. As a means of promoting the correctness of speech, both spoken and written, an analysis of the "Principles of Grammar" is given. The rules adopted by the Simplified Spelling Board are given under the head of words spelled in two ways, of which the Board of Simplified Spelling recommends the simpler spelling. There is also a complete key to pronunciation, which is invaluable to one who would speak the language properly.

Every new word recently coined and adopted by custom has been included. For example, the word "Oselete," taken from Prof. Osler, who would chloroform people at the age of 45, when, according to his theory, they have outlived their usefulness.

"The best investment I ever made  
and it only cost \$15."

The Victor-Victrola amuses and educates the children, and makes the whole

family happy.  
It brings into the home a wealth of music that is out of all proportion to its small cost.

You can get a Victor or Victor-Victrola right away on our easy-payment plan. \$15 to \$200 for a Victor-Victrola. \$10 to \$100 for a Victor.

## REGENTS DISCUSS UNIVERSITY NEEDS

Reports Occupy November  
Meeting of Governing  
Body of State  
College

MADISON, Wis., Nov. 18. — The needs of the University of Wisconsin for the next two years as set forth in the biennial reports of the president, and of the deans and directors of the several colleges and courses were considered by the board of regents at the November meeting. After general discussion the reports were referred to the legislative committee of the board of regents which will report at the December meeting on the needs of the institution to be presented to the legislature at the coming session.

The papers read at the first newspaper conference held under the auspices of the extension division of the university last July will be published by that division, the printing having been authorized by the regents.

The collection of early Italian and other paintings collected by Prof. Paul S. Reinsch while he was in Berlin last year as Theodore Roosevelt professor, were accepted as a loan collection to be placed in Lathrop Hall for the benefit of the students of art and home economics during the present academic year.

The inaugural address by Prof. Eugene Kuhnemann, first Carl Schurz Memorial professor at the University of Wisconsin will be published both in English and German, in accordance with the recommendations of the regents.

The following degrees were granted by the regents upon recommendation of the faculty:

Doctor of Philosophy—S. Gale Lowrie, Madison; Irving E. Melhus, Madison; and Walter E. Roloff, Barrington, Ill.

Master of Arts—G. P. Wolf, Random Lake; Anna Voeltge; Lasser Kalman, New York City; Rajani K. Das, Dacca, India; J. S. Compton, and Earl D. Strong, Ottumwa, Ia.

Bachelor of Arts—Horace G. Chandler, Ottumwa, Ia.; William J. Goldschmidt, Milwaukee; Arthur H. Noyes, Baraboo; Charles M. Pollock, Fargo, N. D.; and Rudolph T. Reider, Madison.

WASHINGTON, Nov. 18.—"Bargain counter" prices are an innovation at the hotel restaurants of the capitol—while crowds of congress are lacking during the legislative recess. "Why you can get a ham sandwich now for 10 cents," was the startled exclamation of a capitol "regular" in commenting on the reduced scale of prices in the cafes of the senate and house.

An investigation shows that the ordinary "winter schedule" of prices for food at the capitol cafes are cut just in half. Five cents each for coffee, ham sandwiches, milk and cuts of pie is now the regular tariff. In winter the scale is a dime each. The restaurant concession is given by contract to a caterer by a committee of senators and representatives, with a maximum scale of prices. This maximum is generally in vogue when the crowds are thickest every winter when congress is in session, but competition of dairy lunches and cheap restaurants during the dull recess period is giving capitol employees brief enjoyment of cut-rate eating.

The "Pedestrians Club" of the U. S. Supreme court has reorganized for the winter. "Chief Hiker" of the club is Chief Justice White. "Privates" in the walking squad of eminent jurists are Associate Justices Holmes, Hughes, Lamar and occasionally McKee.

Between 4:30 and 5:30 every fair afternoon the distinguished pedestrians "perform" on Pennsylvania avenue. They walk from the capitol to the treasury—a good mile—and then scatter to waiting vehicles or the plebeian street car. Theirs is a fairly brisk gait, too, considering their years. They walk along in earnest, sometimes in almost agitated conversation, oblivious to the remarks of passersby by whom they are recognized. They are a favorite "feature" of the capitol sightseeing guides, to point out to tourists.

Chief Justice White is the most ardent advocate of pedestrianism as an exercise. He is a pupil in "hiking" of former Justice John M. Harlan, who was an inveterate pedestrian until his death.

Seaweed for Feathers  
Seaweed as a substitute for millinery decorations on women's hats is the "high cost of living" reform suggested by Uncle Sam. American consular officers in Great Britain report that "seaweed hats" are the latest fashion hints from the other side of the pond.

Along the Kentish coast white seaweed, washed up by the tides, is being collected in great quantities and marketed at a comparatively high price. It composes a profitable industry during the winter months. So popular has the seaweed become in the millinery trade, and so great the demand, that establishment of a "closed season" for the gathering of the material is being considered, because of the ravages of growing weed plants by the fishermen.

WASHINGTON.—If there is any longer a feeling of bitterness in the hearts of southerners toward the people of the north it received no sort of expression at the annual convention of the United Daughters of the Confederacy which has just been held in this city.

The delegates, who came from every quarter of the south, spoke with deep feeling of their love for the union and let it be known that they regard the people of the north as their brothers and sisters now, just as they were before the civil war tore the two sections temporarily asunder.

Kong. The "Punkah" or overhead fan, hung from a ceiling and agitated by coolies pulling it from side to side, is gradually disappearing in the east, Anderson says. American electric ceiling fans are displacing the "punkahs," but there is no demand for the smaller desk fans so familiar to Americans. Within the last year \$25,000 worth of electric fans were bought in Hong Kong.

## TRY TO DERAIL CANADIAN TRAIN

WINNIPEG, Man., Nov. 18.—A deliberate attempt was made to wreck the Canadian Pacific railway's Imperial Limited westbound train two miles east of Cluny, Alberta, on Saturday. A large pile of ties had been placed across the track. Usually the train is running at a high rate of speed when passing that point. The engineer quickly threw on the brakes and only the engine and two baggage cars were derailed. An investigation is being made.

WASHINGTON, Nov. 18.—William Randolph Hearst, the publisher, will be one of the first witnesses called before the Clapp committee of the senate when it resumes its investigation of campaign contributions early next month, it was learned today.

Standard Oil political gifts and congressional activities will be the line of Hearst's examination. He will be asked for unpublished letters between Standard Oil officials and congressmen. How the Hearst publications obtained alleged letters from the private files of John D. Archbold, addressed to Senator Penrose and former Representative Sibley of Pennsylvania and Grosvenor of Ohio will be another line of examination.

## WOMAN LOSES ARM IN CORN SHREDDER

APPLETON, Wis., Nov. 18.—Mrs. Charles Maleug of the town of Dupont, Waupaca county, is believed to be the first woman in Wisconsin to be a victim of a corn shredder. While feeding one on Saturday her right hand was drawn into the machine and the hand and forearm literally torn into shreds, making amputation of the arm just below the elbow necessary.

### General Description

This NEW Modern English Dictionary supplies the demand for a RELIABLE and CONVENIENT dictionary of the English language. The highest authorities have been consulted and eminent specialists have been brought together to make this book AUTHENTIC and COMPLETE in all respects.

While based upon the ORIGINAL work of NOAH WEBSTER, it is brought up to the PRESENT in every particular. All pronunciations are MODERN and are plainly indicated by phonetic spelling; the definitions are comprehensive, though concise; the type is large and clear; each page carries a running keyword which shows the first and last word defined on that particular page, thus avoiding the use of a cumbersome thumb-index; instead of meaningless text pictures, the entire work is profusely illustrated with full-page color-plates, monotonies, and duograph charts; following the dictionary proper is a Reference Library which in itself is a complete treasury of facts for everyday use.

The world's greatest authorities on the English language are to be found in American universities and colleges, and from these sources came the knowledge set forth in the NEW WEBSTERIAN. The editor-in-chief, Prof. Harry Thurston Peck, Ph. D., Litt. D., LL. D., has long been recognized as the foremost lexicographer and authority on languages and literature. Among the editorial contributors are Albert Stanburrough Cook, Ph. D., LL. D., professor in Yale University; John C. Rolfe, Ph. D., professor in the University of Pennsylvania and President of the American Philological Association; Prof. Theodore W. Koch, Ph. D., D. Sc., of the University of Michigan; Prof. Charles F. Johnson, A. M., Ph. D., of Trinity College; Prof. Donald L. Clark, A. B., of De Pauw University; John S. P. Tatlock, Ph. D., professor in the University of Michigan, and J. A. Joffe, A. M., consulting expert to the Congressional Library at Washington, D. C.

A collection of 12,000 Synonyms and Antonyms has been arranged by Lillian H. Du Bois, Instructor in the Wharton Combined School of Philadelphia. This is an entirely new list which comprises far more Antonyms than have ever before appeared in a similar collection.

### Aviation and Automobile Terms

In addition to the foregoing are glossaries of Aviation and Automobile terms, prepared by Alfred W. Lawson, Editor of AIRCRAFT, and Julian Chase, Ph. B., Editor of Motor. From such able authorities, one may be assured of the latest pronunciations and definitions in these departments.

Other important sections are ably edited by Prof. Frederick Taber Cooper, LL. B., Ph. D.; Prof. Robert Arrowsmith, Ph. D.; Prof. C. L. Meader, Ph. D.; and Robert Gordon Grant, A. M., Ph. D. Such an array of efficient authorities never before came together, and the grand result is a PERFECT dictionary of the English language accurate, authentic, complete. It is UP-TO-DATE the dictionary of TODAY—a positive means for ADVANCEMENT in this PROGRESSIVE age.

The NEW Modern English Dictionary, illustrated, is just off the press—it is new throughout, newly edited, newly compiled, newly printed from new type, with all the NEW WORDS, with its pronunciations and definitions brought UP TO DATE, with everything pertaining to it the VERY LATEST. It is the best possible to obtain at any price. Who does not NEED a NEW dictionary? But what is a NEW dictionary? Putting a new cover on old contents makes a new book, but it does not make a new dictionary. Adding a few modern words to plates of ancient date does not bring the work up to the present. But a NEW compilation IS a NEW dictionary.

Chicago Grain Review  
CHICAGO, Nov. 18.—Nothing in the over-Sunday news induced wheat, corn or oats speculators to get on the buying side of the market today for either speculative or manufacturing purposes. The wheat situation was more bearish than it had been for several days and the only firmness in the market came from the higher prices quoted in Liverpool.

Corn futures established a new low record for the season at the opening and later in the day were weak, particularly December.

Oats held steady, trade being on extremely narrow fluctuations.

Provisions, after a weak opening showed considerable strength and prices were higher than at Saturday's close.

Late in the session there was a general recovery in wheat, corn and oats. The wheat advance was due to unfavorable Argentine weather and crop advices and the less favorable European political outlook.

While the late selling pressure in corn was heavy the market

W. B. U. 14 TO 0

The W. B. U. football team met with 14 to 0 defeat at the hands of the Tomah Indians Saturday, but the local boys put up a strong game and held their opponents down. During the first three quarters the W. B. U. held the Tomah team even and there was not a score made by either side. Several shoe string plays which netted long gains for the Indians gave them their touchdowns and brought them the victory towards the end of the game.

Carter's Eleven Plays Better Football Than Opponents and Wins by Good Score

## QUARTERBACK DOWNEY HURT

Local Player's Shoulder Is Injured and He Is Forced to Leave the Game

The inevitable happened. It was inevitable because the victors had a better knowledge of football. Coach Carter's normalities triumphed over the Platteville aggregation Saturday at League park to the tune of 13 to 2. Only in the second and third periods did Platteville really look dangerous, although in the latter part of the first they managed to score their lonely two points on a safety. La Crosse scored immediately in the first half. Platteville kicked off to Hyde, who returned the ball twenty yards. Swancutt failed at left guard and Platteville was penalized for off-side. Griffin took four yards off right end. Downey failed in a plunge as did Swancutt. Downey took 15 through center. Griffin added four and Swancutt five. Griffin made 12 around right end. Platteville was penalized for holding the penalty bringing the ball over the goal line but was put in play one yard back. On fake plunge Griffin scampered across with a touchdown. Newlin missed goal.

Newlin kicked off to Henning, who returned the ball thirty yards before being downed. La Crosse was penalized for off-side. Henning made five through right guard. Platteville was penalized for off-side, and punted to Swancutt, who was downed in his tracks. La Crosse failed to make their yards, the ball going to platteville on the locals' twenty-five yard line. The latter failed to gain twice and Henning punted, the ball going over the goal line. Griffin touched it in the air and Downey was downed behind his goal for a safety. Neither side gained much during the rest of the period. Score, first quarter: La Crosse, 6; Platteville, 2.

In the second period La Crosse blocked a forward pass but Henning recovered and ran thirty yards before being downed. There was much penalizing for off-side. Platteville was holding in fine style and the locals were not able to make much headway. The first half ended La Crosse 6, Platteville, 2.

Newlin kicked off to the visitors' 15 yard line, the ball being run back 20 yards. Platteville made their downs three times, a beautiful forward pass, Henning to Hoadley, netting fifteen yards and bringing the ball to the locals' six yard line. Another forward pass netted five and it was Platteville's second down on La Crosse's one yard line. The locals' line played stonewall and took the ball on downs, Newlin punting out of danger. Platteville failed to gain on a series of plays and punted. End runs and tackle plays brought the ball to the middle of the field. Platteville got the ball by intercepting a forward pass. La Crosse was penalized for holding.

The third quarter showed some good football by Coach Carter's men. Platteville failed to gain on each of two plays over Wolfe, the two hundred pound guard. Glassbrenner threw Millman for a loss of five yards. Platteville punted to Downey, returning the ball thirty-five yards. On a shift play Downey got away and eluding a half dozen tacklers ran fifty yards for a touchdown. It was disputed strongly, Platteville claiming that the whistle had been blown. The protest was not allowed and Newlin added one more point on an easy goal. On the kickoff Platteville returned ten yards. Swancutt intercepted a forward pass. Downey suffered a wrenched shoulder and he was withdrawn, Newlin going in at his position and Lawton at right half. A pretty forward pass, Newlin to Hyde, netted 20 yards. Lawton and Griffin brought the ball to Platteville's one yard line, where the ball was lost on downs. It was punted ten yards. Griffin made five on a fluke pass and Lawton four around left end. Time was called with the

## FIELD WAS IN BAD SHAPE

Muddy Grid Held Back the Locals and Gave Contest to Madison 23 to 0

The high school football team was put out of the running for the state championship by the fast Madison high school team at Madison last Saturday afternoon. The locals went to the capital city with high hopes of winning. The only thing the locals can lay their defeat to is that they were overtrained and as a result of that loggy condition were unable to even attempt to play football. The fact that the team was made up of many green men undoubtedly made it a hard matter to turn out a smooth working machine. Had the team been able to keep their feet and their heads they would not have lost the Eau Claire game. They would have made a better showing in the game at Tomah at the opening of the season. They failed again to come up to expectations in the Madison game.

Of course the men were worked over hard in preparation for this game, having been given the training of a college team while they were only high school boys. There were no particular stars for the La Crosse team. The great ground gaining play of the season, the fast wing shifts were of no avail. Marshall usually a great line plunger, could not open up holes for him. Forward passes were not used in the first half and when they were used in the second half they were good for gains but it was too late to score. A muddy field hampered the locals greatly but their opponents had the same disadvantage.

Captain Bondie and quarterback Nelson for the Madison team were the stars of the game as they were able to skirt the locals' ends for long gains and they went through the usually strong La Crosse line with very little resistance. Nelson ran through for a seventy yard touchdown, eluding nine men. At another time Bondie ran for a touchdown from punt formation when seven men were there to stop him. Summary:

ball on Platteville's three yard line. The local backfield did some fine plunging and Quarterback Downey displayed good headwork. His carrying the ball often brought the spectators to their feet. Griffin eluded the ends repeatedly and covered himself with credit for his ability at advancing the ball. In the line Wolf, who played two high in the first half, was impenetrable thereafter. On account of Captain Robert's injured shoulder received in the River Falls contest, he did not play and Wolfe took his place at center. Glassbrenner playing his guard. Hyde was acting captain.

Henning and Willis starred for Platteville.

The Cardinal came into its own on Saturday, when, in a tearing, wearing game, Wisconsin trailed the colors of Minnesota in the dust of Northrup field and won the football championship of the west by a score of 14 to 0.

It was a great game and a great victory for Wisconsin to win. There was no doubt that the better team won, but Williams' men proved worthy opponents, and the battle was one of the fiercest ever waged on a western gridiron.

allowed to make merry until late in the night. Headed by the university band, imported especially for the occasion, they paraded the streets performing all sorts of antics, both grads and undergrads revelling in the snake dance and kindred stunts.

The western football title came home to roost Saturday after an absence of eleven years. Not since 1901 have the Badgers had the chance to crow accorded them today. In that year, Art Curtis, with a crew coached by the famed Phil King, shot roughshod through the thorax of the middle west to the title. Captain Hoeftle and Coach Juneau repeated today, hence the unconfined joy.

Using a machine the power of which even the greatly bolstered defense of Coach Williams' engine could not offset, Eddie Gillette piloted the Cardinal stockinged hosts to victory in the second period of the contest.

After the Gophers had escaped luckily in the first session Wisconsin came back strong in the second, sturdy line plunges by Al Tandberg, Johnny Van Ripper and Bright perforating the opposing line for small but consistent gains.

## Two Touchdowns Made

The Gopher defense could not cope with the terrible plunges by Tandberg, the speedy spurts of Van Ripper, Gillette or Bright, and by a little bit of superb head work the Badgers were able to count two touchdowns, Tandberg sending the invaders wild by plunging over for the first score early in the second period while Captain Joe Hoeftle further endeared himself to the hearts of the Badger rooters by gathering in a forwards pass toward the close of the period well behind the Gopher

goa line. On both occasions Eddie Gillette, who never ran the Wisconsin machine in better style, kicked goal.

Off to a rather poor start, Wisconsin appeared to be in for a hard battle. The Gophers, urged on by the rooters who crowded every bit of available space, made a gallant attempt to score, but their efforts were frustrated by the Badger forwards. Toward the close of the period Wisconsin warmed to the task and swept down the field like a prairie fire, only to be halted by a penalty when a touchdown seemed imminent.

At the start of the second period, after an interchange of punts, a penalty of fifteen yards, inflicted on the maroon and gold for illegal use of hands, placed the ball on Minnesota's forty-five yard line in the Badgers' possession. Wisconsin would not be denied and carried the ball down the gridiron by steady and consistent gains featured by Eddie Gillette's spurt, which put the oval on Minnesota's five yard line. Three plunges and Al Tandberg was over. Gillette kicked a lazy goal.

## Gillette in Smart Play

Steady play on the Gopher line during the remainder of the period gave Wisconsin another opportunity to count. The Gopher line crumpled under the terrific hammering and again by short gains and the old style play, Wisconsin worked to within the shadow of the Williams' goal. Here the Gophers held, but Gillette showed his mettle by a fine play. Stepping back as if to drop kick, he shot the ball straight and true into Tandberg's all powerful arms for the first down. Eight yards from a touchdown the Minnesota line again held and Gillette once more resorted to the fake kick, shooting the oval into Joe Hoeftle's hands

back of the Gopher goal for the second touchdown. It was a neat piece of work and took Minnesota entirely unprepared. In fact it baffled them so completely they could not offer any adequate defense.

## SECOND PLACE AT STAKE SATURDAY

CHICAGO, Nov. 18.—A bloody battle between the Maroons and Gophers next Saturday for second best in the western big eight conference was predicted today. Their confidence was restored by Saturday's victory over the Illinois, and Coach Staggs' men were preparing for a strenuous week of practice in preparation for their crucial battle on Marshall field November 23.

## HOPPE LIKELY TO RETAIN HIS TITLE

NEW YORK, Nov. 18.—Willie Hoppe seems certain to retain his champion figure at 18.2 billiard. Leading the field with a clear margin of one game he has to play only two additional matches, with Geo. Sutton and Ora Morningstar. Sutton is off his game and should prove easy, while Hoppe has in the past usually had Morningstar's number. Even if he should lose one of the games, the best Hoppe could get would be a tie. The tournament will close Wednesday.

Cheer up! You don't have to go around looking for temptations to yield to.
